

Welcome!!

We would like to take a moment to introduce you to the No Borders Livestock Auctioneer Championship. This contest was built on passion for the competitive marketing and livestock auction industry. It is intended to give livestock auctioneers and industry partners the opportunity to reunite and celebrate our passion for the livestock industry. It has been a long time since we've been able to do this in Canada and we saw an opportunity put on an event that reignites our collective passion for not only competitive auction contests but the fellowship that this great industry affords us.

In planning this event it has always been the intention to bring together both veteran auctioneers, rookies, and all those in between in a more relaxed contest format. This is still a professional livestock auction contest and the talent represented will be second to none, however the opportunity for fellowship and connection building was a focus in the weekends events. Because this is a stand alone contest, we are able to invite back past champions from various livestock contests from both Canada and the US to deepen the contestant pool and also allow for past and present competitors to reconnect. It also allows for Canadian contestants to hone their chops in the absence of opportunity to compete the last couple years.

This event started as a conversation, turned into an idea, and with the support of industry leaders has grown into an event that you won't want to miss!!
